

County gets \$250,000 for Shoreline Park sewerage

BY LIZ HAAS
Hancock County was awarded \$250,000 in public facilities funds to extend sewerage lines to homes on the east side of Shoreline Park. Mike Ladner, president of the board of supervisors, said the grant is to connect sewerage to homes on the streets that run off Lagan Street. "Sewerage would be connected to about 113 homes. This would get rid of some of the septic tanks that are presently draining into the waters, consequently clearing up the waters," he said.

Ladner said this would also make the property more valuable. Grace Aaron with Southern Mississippi Planning and Development District, who put the grant package together for the county, said, "This was a very competitive process and I was pleased that Hancock County was able to get the funding." Aaron said the extension of sewerage lines would be to the following streets: Virginia, New York, Alabama, N. Carolina, S. Carolina, Florida, Georgia, Missouri, Colorado, Wyoming, Utah, Minnesota, Montana, Idaho and part of Pennsylvania Street.

She said construction will probably not begin until late spring. "The county is still waiting for the contract from the state, which should take one to two months. Then they have to go through the federal procurement process because this is federal money," she said. Right now, most of the homes in the southern part of the county do not have legal waste disposal systems.

A 1992 state law makes it illegal for homeowners to discharge sewage wastewater off their property and requires systems to be located minimum distances from dwellings, property lines, potable water sources and most waterways. The state law complies with federal requirements and stems from the Clean Water Act of 1972. Hancock County was awarded the funds by the Mississippi Department of Economic and Com-

Hancock County not out of the water yet

Hurricane season ends Nov. 30

BY AMY PICKICH
"Don't put away your hurricane tracking maps away just yet," Hancock County Civil

Defense Director Bobby Boudin said.

The 1993 hurricane season officially ends November 30, but September is considered the worst month.

"I think we will fare okay, but we have to get through September first," Boudin said.

Boudin said that expected cool fronts will help us out some, but one should always be prepared because a hurricane could pop up at any time.

Predictors claimed the "big one" was supposed to hit around September 13, but Boudin said he never relies on those kinds of predictions.

So far, the Gulf Coast has fared well, with the only hurricane threats this year traveling along the East Coast. Boudin, in his 17th year with the civil defense, said he doesn't worry as long as they don't get close to the Gulf Coast.

Boudin's advice for residents and especially the casinos remains: "Stay Prepared."

Groundbreaking today for library expansion

BY JANET MCQUEEN
Library patrons will realize a dream come true with an official groundbreaking for the planned expansion and renovation of the Bay St. Louis headquarters.

The public is invited to the groundbreaking and awarding of a state grant for the expansion and renovation Sunday, Sept. 12 at 2 p.m. at 312 Highway 90 in Bay St. Louis.

The project will double the size of the present building, making a total of approximately 17,000 square feet, according to Prima Plaque, library system director.

"Services will continue throughout the construction period," said Plaque. Estimated completion is late summer 1994.

Funding in the amount of \$650,000 will come from the Mississippi Library Commission through a state bond bill, with matching funds from the Hancock County Board of Supervisors and the City of Bay St. Louis.

The state grants award ceremony will take place in the library's main reading room, with the groundbreaking under the library oak. A reception will follow inside.

Waveland budget

Raises planned; no tax increase

BY AMY PICKICH

After a heated discussion, the Waveland Board of Aldermen unanimously voted to adopt a \$2.96 million budget without increasing property taxes.

However, Alderman Stan Weidman said, "I am forced to vote yes without having a true picture of what we have here."

Weidman questioned numerous projected figures in the proposed budget. Mayor Stella Frilot said that the revenue figures cannot be pinned down because they are constantly fluctuating.

"We have tried to stay conservative in our revenue side and if it comes in the revenue is there," Frilot said. "...We can't count on those funds until they (Bayou Caddy-Jubilee Casino) are licensed."

Weidman also questioned the casino's use of Waveland's

sewerage pumping station and the city's liability if problems arise. He said that he received incorrect information about the pumps' usage and revenues.

Frilot said that the casino paid for one station and for the upgrade of another. They will also pay \$24,000 for usage, \$12,000 of which is a profit for the city.

"I don't understand what the problem is for the city to receive \$24,000 a year to use the pumps they (Bayou Caddy) paid for," Frilot said.

City Attorney Lucien Gex said the sewerage contract can be renegotiated after three years. The pumps are under warranty for one year.

The proposed budget called for a 5 percent across-the-board pay raise for every city employee. Weidman insisted that some employees received more, while

others received less.

The mayor said that two people received a larger raise because they are doing additional work on the budget and in the process are saving the city money. The aldermen, mayor and city clerk did not receive a raise because their salaries are set.

Weidman continued to press the mayor on salaries.

Weidman then suggested they budget money to reopen the civic center. He said it could be done by examining how the city operated in 1990. He also suggested the mayor size down her administration.

Alderman Curtis Colson agreed the civic center needed to be redone, but that the money had to come from somewhere.

Charges filed in 603 fatality

Charges were filed against a Bay St. Louis man in a hit and run accident early Tuesday on Highway 603.

The victims have been identified as Dennis E. Jamison, 33, of Houston, Texas, and Richard Alden of Florida.

The driver, Jamison, was pronounced dead at the scene,

while the passenger, Alden, was taken to Hancock Medical Center where he was reported in guarded condition on Friday.

Nolan Kingston, 48, of Bay St. Louis, is charged with DUI causing death and DUI causing serious bodily injury in connection with an accident.

Lt. Bobby Underwood of the Mississippi Highway Patrol

reported that Jamison ran out of gas and pulled on the shoulder of the road. A passerby took he and Alden to purchase gas and returned them to the van.

As Alden was putting gas in the van and Jamison stood next to the door, a blue 1983 Cadillac driven by Kingston sideswiped the van.

Many respond to call for cleanup assistance

BY JANET MCQUEEN

A September 18 cleanup has drawn volunteers from Pearllington, Diamondhead, Leetown and points north, south, east and west, according to Cindy Vernon, executive director of the Hancock County Chamber of Commerce.

"We have had a number of calls, and we are really pleased with the participation. This is the first year the cleanup has been extended over such a large area," said Vernon.

The Chamber beautification committee, led by Ellis Cuevas, is sponsor of the event, which is in conjunction with the national cleanup of beaches and islands across the country. Betsy Ashman is cleanup day chairman.

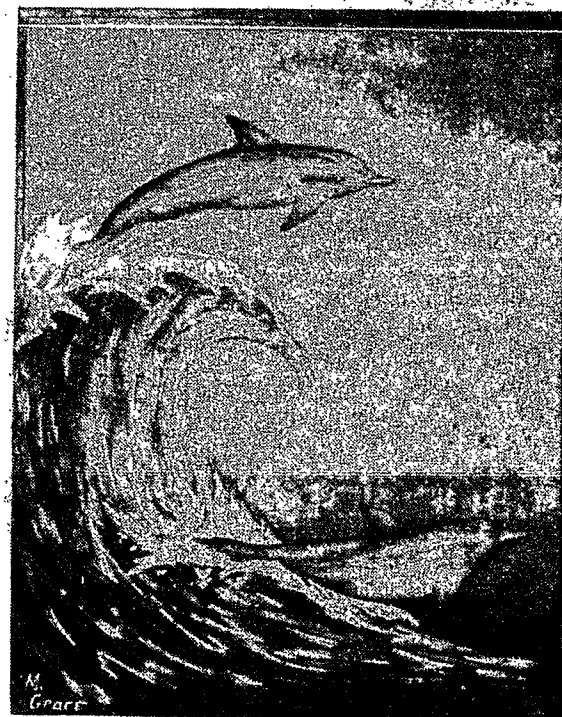

T-shirts proclaiming "Litter Free and Proud To Be" are available at the Chamber office in adult (\$8) and youth (\$7) sizes.

Registration will be from 8 to 9 a.m., Saturday, Sept. 18. Sites include the Ulman Avenue Pier, Bay St. Louis; Save Our Children center, Necaise Avenue, Bay St. Louis; Garfield Ladner Pier, Waveland; Buccaneer State Park, Waveland; Clermont Harbor/Lakeshore; Cuevas Grocery, Pearllington; Peoples Bank, Diamondhead; and Lyon's Insurance Agency, Kiln. Also in North Hancock County, Berry Patch, Caesar/Necaise Road; and Caston's Grocery, Highway 43 and at the entrance to White Cypress Lakes.

Following the cleanup, from 11 a.m. to 12:30 p.m., hot dogs and cokes will be available for participants on the beach at Garfield Ladner Memorial Pier, Waveland.

Woody Owl and Sammy Soil will be special guests at the gathering at the end of the cleanup.

Individuals, groups, organizations, industries, clubs, schools, businesses and any interested parties are urged and welcome to participate. For further information call the Chamber office at 467-9048 or Ashman at 467-5496.

Message
of Our Lady
at Medjugorje

August 25, 1993

Dear Children,

I want you to understand
that I am your Mother, that I
want to help you and call you to
prayer.

Only by prayer can you
understand and accept my mes-
sages and practice them in your
life.

Read Sacred Scripture, live
it, and pray to understand the
signs of the time. This is a spe-
cial time.

Therefore, I am with you to
draw you close to my heart and
the Heart of my Son, Jesus.

Dear little children, I want
you to be children of the Light
and not of the darkness.

Therefore, live what I am tel-
ling you.

Thank you for having
responded to my call.

"QUOTABLE QUOTES"

By Ellis C. Cuevas

The chartered flights passenger count at the Stennis International Airport is now over 10,000 passengers. This has all to do with casino gaming and Sun Country, Casino Magic's charter airline, which has brought in more than 7,100 of the passengers; private jet, 1,220; and other airlines the balance.

The advent of using Stennis Airport in Hancock County for chartered flights for casino passengers means many jobs for area residents.

There are numerous jobs to be performed for an airport to operate. In case you wonder, just ask Buz Olsen, executive director of the Hancock County Port & Harbor.

Olsen has been very busy for the past 6 or 8 months, along with the Port & Harbor Commission, purchasing the necessary equipment and filling in all the positions necessary to run an airport.

The Commission has received very good support from the Hancock County Board of Supervisors.

Much equipment was needed to run the airport, and some very good deals have been made. There are many airports downsizing, and some airlines are closing across the country.

Hancock County Firefighters have also benefitted from the operations at the Stennis Airport, and so have many other services.

I know there are those in the county who have felt, and some have even told me over the years, that the local airport was just a *White Elephant* and would never amount to anything.

A few weeks ago I heard a New Orleans political leader at Casino Magic refer to Hancock County Stennis Airport as a *Sleeping Giant*.

If trends continue as they have during the past six months, the *Sleeping Giant* is awakening and may become fully awake.

If this happens, the sky is the limit.

Hancock County is lucky to have the Stennis International Airport. Even if the cattle shipping business to South America did not make a go of it, chartered passengers are much better to bring to our area.

Keep up the good work, Buz, and everyone else associated with Stennis International Airport.

Preparations are still underway for Hancock County Chamber of Commerce's big countywide cleanup set for next Saturday.

I am hoping there will be a large turnout of volunteers, because their help will be needed.

Betsy Ashman, cleanup day chairman, reports she expects the largest turnout ever in manpower for Saturday.

Remember, those who have adopted a street or road, you are urged to clean up on Saturday, too.

I hope to see you at the cleanup.

Do not forget the Hancock County Library System's City-County Public Library and Administrative Complex groundbreaking and grants awards ceremony set for this afternoon.

The event takes place at 2 p.m. and groundbreaking will be under the Library Oak.

Prima Plancha, Hancock County Library director, urges all citizens to please attend the special groundbreaking ceremonies.

There is an expansion and renovation of the City-County Library in Bay St. Louis, and this will mean more services offered to the public from the system throughout the county.

Your attendance will show your appreciation for the fine job our libraries and staff do every day for the public.

THE PEOPLE'S BUSINESS

From the Mississippi
Economic Council

M/E
EIC

A few weeks ago, a young lady from Warsaw, Poland, experienced on-the-job training in contract negotiations and general legislative solutions of government right here — in the state of Mississippi.

Through the Participant Training Project for Europe, a program administered by the U.S. Agency for International Development, the young lady was provided technical and managerial training by Mississippi companies. The goal of the program was to give all those participating a valuable opportunity to learn professional business practices and how to improve business operations.

After working with the Ministry of Privatization in Warsaw, the young lady kept a busy schedule during her stay in Mississippi. She studied as an intern with the State Auditor's Office, attended the Madison County Bar, visited several law firms in the Jackson area, and attended a leadership conference on the Gulf Coast.

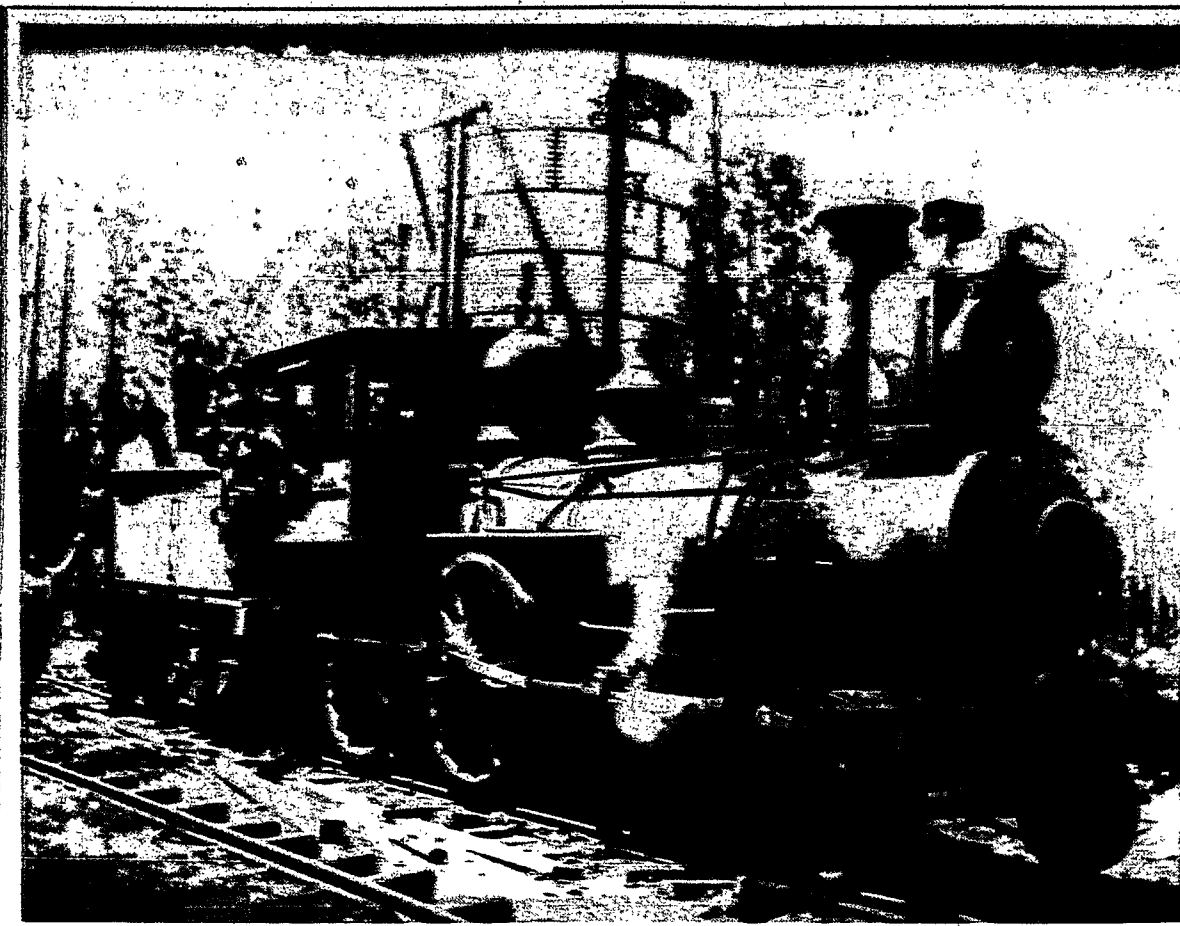

With this busy schedule, she also had time to visit with several businesses that are members of the Mississippi Economic Council.

In these meetings, such topics as banking, manufacturing, small business, and privatization were discussed in detail, allowing the young lady to learn how businesses in Mississippi operate on a daily basis.

Over 2,000 miles of travel from Warsaw, Poland, to Mississippi gave one young lady a glimpse at how American business operates. Mississippi taught someone, not from another state, but from another country, how to run business more efficiently.

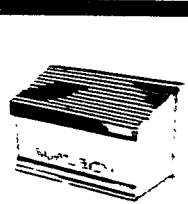

This says something for our great state. There are those who feel we are still on the bottom, both economically and politically. Evidently, our state has more recognition and influence than many suspect.

Mississippi is no longer just a southern state. It is a world-renowned state.

LETTERS TO THE EDITOR

Criticism of SSC football program was undeserved

To the Editor:

I am writing in response to Mr. Art Elkins' outrageous and insensitive letter regarding the St. Stanislaus football team, even though I am sure my letter will be one of many.

My son and my nephew are students at St. Stanislaus, and while they are not on the football team, they were still deeply offended by Mr. Elkins' letter. If they are so angry, I can imagine what our football players and coaches felt like after reading your insults.

Mr. Elkins, you are mistaken. The hallmark of a Catholic school is academic excellence. Sports is an extracurricular activity — meaning activities are offered to help round out each student.

While no one wants to lose, it is still a fact of life. You are missing the point completely. Football players are required to maintain a certain grade point average. Our players practice every evening beginning in the heat of the summer. They go home, sweaty and exhausted, and must crack the books for anywhere up to 2 or 3 hours a night. They give it their all and then some.

The coaches are working their hardest, also. They are very dedicated to these young men. They are not only coaches, they provide guidance, encouragement and friendship. There is a special relationship. Basically, your letter has just told them they are wasting their time in a worthless effort.

Do the St. Stanislaus students think this is a worthless

effort? If they did, then why would they fill the stands each week cheering their team on? Why would they hold pep rallies each week, dress up according to different themes, and decorate their players' lockers with encouraging signs? Why would the band and flag team spend countless hours preparing for our halftime show? Why would our cheerleaders practice very evening after school before going home to hit the books?

It seems to me that you are missing the whole point of the issue. Mr. Elkins, the Brothers, in their infinite wisdom, know that to everything there is a season and a time for all things under the heavens. That includes a time to win and a time to lose. If the entire school is participating in football season in one way or another and having a great time of it, how can anyone possibly be losing?

St. Stanislaus will be celebrating its 140th anniversary this school year. Throughout these years many Brothers of the Sacred Heart, along with lay staff, have made their mark in many fine young men. Every year our principal has said, "Send us your boys and we will return to you young men." He didn't say he would send us a Heisman Trophy winner, although we do have one sitting in a case in the resource center — you may want to go and see it sometime.

Our young men, our coaches and our Brothers are owed an apology.

Sincerely,
Cecilia Richardson

Waveland letters promoted misinformation on finances

Dear Editor:

May I submit that your editorial policies leave room for improvement.

In a previous issue, both Alderman Weidman and R. E. Fitch, his primary supporter in Waveland's mayoral election campaign, wrote letters to the editor filled with misinformation and certainly calculated to alarm the citizenry.

The letter received prominent display in your paper. This prompted the Mayor to call a press conference to state the correct facts and dispel unwarranted fears.

This past Sunday, you again displayed a writing by Fitch who suggests that the press should be on guard when a politician calls a press conference — a conference necessitated by your publication of this misinformation.

In Fitch's current letter, there is, among other items, a statement by Fitch that the year-end cash balances reported by the Mayor at the press conference were incor-

rect. It is my job to account for and advise the Mayor on the city's financial matters.

I am a Certified Public Accountant. My work is audited by an independent firm of CPAs. The figures reported by the Mayor were absolutely correct.

Over the years, Alderman Weidman, apparently ill-advised by Fitch, has challenged the city's financial accounting; and, no matter how extensive an explanation is made, there appears to be little grasp of budget and accounting matters. I can only conclude that this lack of understanding is either inept or deliberate.

May I suggest that, if your paper chooses to print misinformation contained in "Letters to the Editor" where that misinformation may alarm or create public concern, your staff ought to do a little investigative reporting and set the facts straight. You owe your readers that editorial responsibility.

Complaints about cable rates can go to FCC

To the Editor:

If your complaints to Cablevision regarding higher cable rates are unanswered, you do have recourse.

Write to: FCC Form Request, From # 329, P. O. Box 15238, Washington, D.C. 20036.

This is a complaint form that the FCC must answer within 30 days. In addition, your bill can be lowered by 95 cents per month at your request to discontinue the totally useless Cable Guide.

When I inquired why this was a new charge, I was informed that I had been billed monthly this 95 cents.

Using Cablevision's old rates, I have yet to find this charge on my bill.

If anyone else can justify this, please let me know.

Also, remember that this same company is paying a franchise fee to your respective city and our state.

Sincerely,
Mary Helen Neal

Increase to minimum wage causes inflation

To the Editor:

Have you heard the latest gossip on Clinton and Labor Secretary Reich?

Well, they figured out a way to get more money for the treasury without raising taxes! Sounds good — too good — and like they say, "if it sounds too good to be true, it's probably bad."

Their plan, simple as it is, mandates a raise in the minimum wage to \$4.50 an hour now plus cost of living increases for future years.

That sounds reasonable — all those teens working will have a few extra dollars to spend — or will they? Actually, a raise at the lowest level causes an upward ripple effect increasing wages across the board.

That, in turn, raises prices and causes inflation, making

everything from a cup of coffee to clothing to new cars and homes cost more.

The only true gainer is Congress, for they'll have billions extra to waste without raising taxes one penny.

In most cases, for every extra dollar earned, IRS collects at least 15 cents income tax plus 15 cents FICA (12 employee and 12 employer). That's 30 cents out of every dollar — billions a year to waste.

Congress gets fatter, and we all pay more for everything. That's not right!

So, please write your representatives and say no to increasing the minimum wage — it's inflationary. (Slick Willy!)

Regards,
Royce P. Kaupp

Rocks rally falls short

Special to the Echo

BY JOSEPH GEX

The only chant that could be heard from the sideline was, "Do Not Quit! Do Not Quit!" I believe that aptly describes the play of the St. Stanislaus Rock-a-chaws on Friday against the Biloxi Indians.

Although the Rocks came up short on the scoreboard, they won the hearts of many on Friday.

With the Rocks' 24-7 loss to Biloxi, they are still searching for that ever elusive win. The Rocks showed that they were capable of winning in all facets of the game (offense, defense and kicking).

The Rocks opted to receive the ball and Charles Oliver took the ensuing kickoff to the 20 yard line. Trying to get a feel for the Indian defense, Jeep Mestayer and Allen Schaefer had moderate gains for the Rocks. However, the Rocks had to punt away to the Indians.

The Biloxi Indians took their first offensive series from the 49 yard line of the Rocks. The Indians got a scamper off left tackle for a big 20 yard gain from running back Kenny Williams. He would soon prove to be their most potent offensive weapon, gaining 125 yards on the ground.

On the next play from scrimmage, Rock linebacker Kenny Monti recovered a Biloxi fumble.

The Rock offense, still sputtering, got a big gain from scabbard Mestayer, but couldn't convert on the next two downs and had to punt back to the Indians.

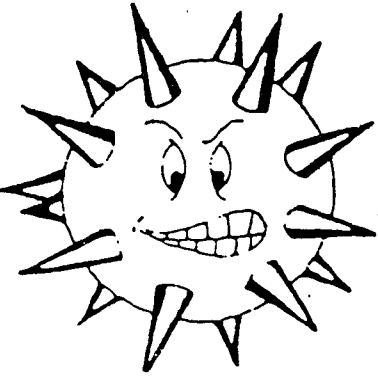

With Biloxi back on offense, their offensive line cleared the way for the powerful running of Williams. He led the way on a 41 yard, 7 play drive for a touchdown with 2:54 left in the first quarter. The PAT by Trae Wieniewitz was good. The score was 7-0.

With the Rocks taking the ensuing kickoff at their own 20 yard line, they hoped to get something going. With minimal gains from Mestayer, the Rocks had to punt back to Biloxi.

Biloxi took over on the 50 and ate a lot of time off the clock. However, the Rocks, led by their staunch linebacking corps of Rocky Sapia, Imari Esters and Kenny Monti, made Biloxi

scratch and claw for every yard they got.

This valiant defensive stand against a superior talented Indian offense was highlighted by numerous tackles for losses by both Sapia and Monti. The stingy Rock defense refused to let Biloxi taste the endzone on this drive and the Indians had to settle for a 40 yard field goal

from Doug Thompson with 9:03 left in the second quarter. The score was 10-0.

With an inspired defense coming off the field, the Rock offense took the field with a mission to prove that they are just as good on their side of the ball.

Led by the hard-nosed trenchdiggers Peter Martinez, Matt Wilty, Jacob Alford, Russ Graham and Brian Matherne, the Rocks set out to prove to themselves that they could drive on the talent laden Indians.

Behind the thunderous running of Mestayer, the Rocks rumbled to first down after first down. On the drive, QB Nate

Middleton suffered a neck injury and had to be taken off the field.

With a new field general, Correy Gex, the Rocks were hungry for a score.

Sapia had recovered a fumbled punt by Biloxi and Gex's offense came out blazing. Behind excellent blocking, Mestayer scored on a 14 yard sprint off tackle. With a drive that lasted 4 minutes and covered 80 yards, the Rocks had scored their first points of the year. Allen Schaefer added the PAT. With 5:07 remaining, the score was 10-7.

Biloxi's offense came back onto the field to relieve the bombardment they had just received. The Rock defense gave

their offense one more chance before the half to score. Leading the ferocious attack was Rocky Sapia, and Biloxi had to punt back to the Rocks for the first time.

Gex led his offense back onto the field in hopes of sending the Rocks to the locker room ahead for halftime.

The Rock drive was halted abruptly by an interception. However, defensive tackle Mike Downing recovered a forced fumble on Biloxi's first play from scrimmage. The Rock offense had another chance.

The Rocks took the field with 10 seconds remaining in the half. As time expired, Gex connected with Brooks Quinlan for a 19-yard gain to end the half on a good note for the Rocks. The score was 10-7.

As the Rocks came out for the second half, it looked as though they had lost some of their intensity.

Biloxi's 11 play drive was highlighted by the hard running of Kenny Williams. He broke big gains of 11, 15 and 13 yards to move the ball deep into Rock territory.

Then, on third down from the Rock 27 yard line, Ronnie Keetion scored on a trap play. The PAT was good by Wieniewitz. With 7:41 to go in the third quarter, the score was 17-7.

The Rock offense took the field and came out blazing. Gex completed a pass to Schaefer coming out of the backfield for a 21 yard gain. Gex hit Bobby Williams in Biloxi territory for another first down. However, the offense seemed to sputter on the next few plays and they had to punt back to the Indians.

The scrappy defense came out onto the field and made Biloxi work for everything they got. Behind the running of Williams and Keetion, the Indians put together a 13 play drive that went into the fourth quarter.

On this drive, the defense made some good plays. They were highlighted by Esters and Sapia with Keetion for the final score of the night. The PAT was good. With 11:55 to go in the fourth quarter the score was 24-7.

The Rocks were slow to get something started offensively. However, the defense kept their intensity up and stopped Biloxi's offense in crucial situations.

The defense was led by Leo Seal. He kept the pressure on the quarterback and made the big plays.

The Rock offense didn't get going until the last part of the quarter. They were sparked by

a Charles Oliver interception at the Indian 49.

The Rocks rambled down to the 2 yard line of Biloxi but could not punch it in for the touchdown on a quarterback sneak. Biloxi took over at their own 2 yard line. Leo Seal quickly stripped the ball at the Biloxi 12 yard line to give the offense one more shot.

As the buzzer sounded, there was an incomplete pass in the endzone. The final score was 24-7.

When asked what he thought of his team's performance, head coach Ken Lyons said, "I believe that our guys played their hearts out and showed great character. There was a marked improvement in their play tonight."

He said, "I thought it was a very winnable game for us. We out played a superior talented team with heart, but unfortunately, we came up short on the scoreboard."

The Rocks host the cross county Hancock Hawks next Friday. Come out to Rock-a-chaw stadium next Friday as the Rocks go for their first win. See you at the game.

FOOD LOVERS DIET

To introduce a new approach to dieting, free samples were given to 50 people. With The Omicron Diet, one man lost 14 pounds in 5 days and one woman lost 18 pounds in 10 days. The average weight loss was over a pound a day for women and over 2 pounds a day for men. The Omicron Diet is a revolutionary new concept for unbelievably fast weight loss developed and clinically proven by National Dietary Research of Washington, D.C. This significant breakthrough in metabolic weight control was made possible by the utilization of biological information overlooked by other diet programs. munity Development through the Community Development Block Grant program.

The supervisors applied for the grant in March to extend wastewater district lines to the Shoreline Park area.

The county has been trying to obtain funds to get a centralized sewerage system.

Ladner said the cost to have a county-wide centralized system would be approximately \$22 million.

"That's a lot of money. We don't know when we will be able to get the money to do that," he said.

Ladner said the board of supervisors has had a study done on getting sewerage in the Lakeshore and Clermont Harbor areas. They have determined it would cost in the millions of dollars.

"We've been talking to our representatives in Washington and they have directed us in several ways," he said.

Maroon Tide drowns Hawks 18-0

Special to the Echo
BY TRACY BONNEY
The Picayune High School Maroon Tide chalked up its third win of the season Friday at the expense of the Hancock High Hawks.

The 5-A Tide shut out the 4-A Hawks on their home turf—or, to be more accurate, their home mud puddle.

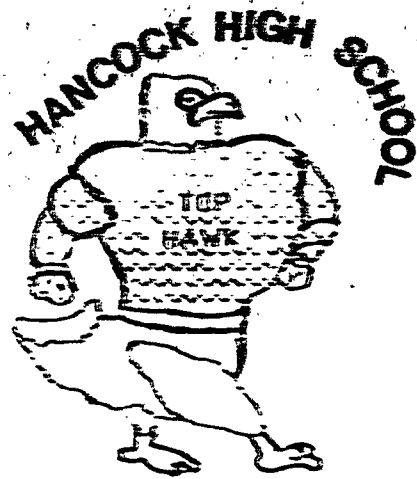

Torrential rains early Friday afternoon made the field at Hawk stadium a more likely home for crawfish than football players. The last couple of hours of sunlight before dusk did little to dry up the muddy field, and the game reflected the playing conditions with mishandled snaps and fumbled balls galore for both teams.

In addition, the storm knocked out both the stadium scoreboard and the water supply. The game time was kept by field referees, and thirsty fans had to make do with soft drinks and, when the soda supply ran out, cups of ice.

Picayune received the open-

ing kickoff of the game, but punted the ball to Hancock four plays later. Hancock returned the favor with interest after only four plays, when a Hawk

after attempt succeeding. The Tide's second TD came late in the third quarter, and the final score occurred early in the fourth.

pass was intercepted by Picayune's Patrick Wilks, who ran the ball in for the Tide's first touchdown of the night.

Two more touchdowns would follow during the course of the game, with none of the point

Picayune also made a 31-yard field goal attempt late in the second quarter, but the ball went wide right.

Hancock made several good plays during the game, and had a number of sustained drives,

but never reached scoring position. They capitalized on several Tide fumbles and forced a number of punts, but also lost the ball several times to intercepted passes and fumbles.

Hancock head coach Irvin Favre attributed the Hawks' loss to a number of factors, including the muddy field, the mishandling of the ball and the playing of the Tide.

"Normally, we like to mix it up and throw the ball more than we did tonight, but my quarterback came in off the field and said, 'I can't grip it. I can't throw it,' and the center said, 'I can't snap it.'"

"We just weren't able to play the game as well as we would have liked. You saw us; we'd make a really good play, but we couldn't keep the momentum going and we lost possession of the ball."

"I give Picayune all the credit. They played a really good game. We watched their game films, and we knew they had a good team."

Favre said the change in field conditions Friday concerned the Hawks, because they knew the muddy playing surface would work against them.

"The field was dry earlier in the day, then we had this awful storm come up and mess up the field."

"We had been praying for a dry situation, because we knew that our big hope to neutralize Picayune was to have the field dry so we would be able to throw the ball well."

The 3-0 Tide faces county rival Pearl River Central Friday, while the 1-2 Hawks travel to Bay St. Louis to square off against their county rival, the St. Stanislaus Rock-a-chaws.

Tigers whip Pirates 33-7

Special to the Echo
The Bay High School Tigers evened their season record at 1-1 on Friday night at Pass

the Pirates just didn't capitalize on the opportunities that would have put them back in the game.

Tiger Xavier Lewis snags a pass

Christan by beating the Pirates 33-7. But it wasn't easy, and the score remained close most of the game in a hard-fought contest between two rivals.

Tiger head coach Rocky Gardin pointed to the score after the game, and said it wasn't as easy as the score seemed to indicate. He said the Pirates have a good team and you can't underestimate them.

And he's right. It was a thrill a minute in the first-half action, and the Pirates were only a touchdown away from evening the score. But late in the battle, the Pirates, trying to play catchup, had too many pass interceptions. And the Tigers turned the turnovers into touchdowns.

Two of the Tigers' TDs were scored with about three minutes left in the game, pushing the final margin to 33 points.

Pirate head coach Joseph Brown said after the game that

He said the Pirates fought hard, but he also added that the Tigers had a big, tough line.

Tiger senior halfback Dwayne Antoine provided most of the punch to put the Tigers on the scoreboard first. Antoine carried five of the seven plays on a 60-yard drive, that was capped by 25-yard toss from quarterback Sam Sheppard to halfback Xavier Lewis for the touchdown.

Shawn Keener's extra point kick was good, making it 7-0, Bay High, with 7:05 left in first period action.

The Pirates then drove down to the Tiger 37 but stalled, then punted, but were given a golden opportunity when the Tigers fumbled on the first play, giving the Pirates back the ball on the 13.

But the Pirates couldn't get into the endzone.

Pirate Lionel Alexander drove to the five. Quarterback Kevin Clark was thrown for a loss back to the eight, and on third down Tiger Reggie Williams picked off a Clark pass as the one to kill the Pirates drive.

Then came the best Tiger performance of the night, a 99-yard touchdown drive, highlighted by a screen play that surprised the Pirates and went for 83 yards.

On third and short yardage, Sheppard flipped a screen pass out to halfback Wali Shabazz on the 9. It was off to the races, and Shabazz wasn't brought down until he reached the Pirate 9.

On the next two plays,

Antoine did the work, bulging over from the one with 2:27 left in the first half. Keener's kick was no good, but it was 13-0, Bay High.

But the Pirates weren't out of it by a long shot.

Like lightning they struck two plays later. After losing yardage from the 33 back to the 26, Alexander struck out down the middle and raced 74 yards for the TD, outrunning two Tigers and leaping into the endzone.

Lawrence Hampton's PAT was good. It was 13-7, the closest the Pirates would come all night to the Tigers.

The Tigers then put together a 14-play, 53-yard touchdown drive that ate up the remainder of the second period. The drive was capped by a one-yard sneak by Sheppard. Keener's kick was no good, but it was 19-7, Tigers.

The Tigers then had an excellent opportunity to add another TD before the half when Williams intercepted another pass about the 50 and returned it to the 12. But two plays later the Tigers fumbled, and Pirate Henry Lebat pounced on the ball at the 4 to kill the drive.

First-half action ended with the score 19-7.

The Tigers, normally a running team, rushed for 210 yards, but turned in a good passing game, too, gaining 166 yards in the air on Sheppard's arm.

They had 54 yards rushing and 115 on Clark's arm.

Third quarter action tilted back and forth. But the Tigers added two late fourth quarter scores to put the game on ice.

Antoine plunged over from the one with 3:56 left, and Leroy Hawkins ran 16 yards for a touchdown with 1:29 left. Both Keener kicks were good, winding up the scoring at 33-7.

The Tigers win brought the Tigers to 1-1 on the season. The Pirates dropped to 2-1. It was a non-conference game. Bay High is 4-A, the Pirates 2-A. Last week the Pirates were rated 9th in the Associated Press's Little 10 poll.

meaning figures, Weidman said. "If we think we're going to get this money, let's add it to the civic center."

The proposed revenue of \$12,000 from the sewerage contract was put toward renovating the civic center.

Weidman said that they were "over-estimating" projected revenues. "We cannot budget more than we have cash on hand," he said.

"The law says you must adopt a budget by the 15th and you can make projections," Gex said.

After the smoke cleared, the city of Waveland's millage for the 1993-94 budget was set at 14.5, with a millage of 6 in the general fund, 2.65 in recreation, .25 in the library, and 2 in the

state loan retirement fund.

In other matters, the board agreed to send Police Chief Jimmy Vannell and another detective to a ROCC seminar. The board previously rejected the request.

Weidman requested feedback upon return from the seminar.

A Place of Art II

Local artists featured in Sept. 25 tour

The Bay St. Louis Development Foundation sponsors the second annual open air tour of Bay area artists works, A Place of Art II, Saturday, October 9, in historic downtown.

Featured artist is Elizabeth Lirette-Vest. Her work, "Forget Me Not," will be used by the Foundation to promote the annual event.

The Foundation, in cooperation with the City of Bay St. Louis and Casino Magic, will present a Patron's Party to preview selected works of participating artists Sunday, September 25.

With work in private and corporate collections throughout the United States, Western Europe and South America, Lirette-Vest has been involved with the fine arts for 20 years. Best known for her visionary seascapes, she has allowed use of one of her favorite originals of the Bay of St. Louis.

"Forget Me Not" will be the artwork featured on the commemorative fan and A Place of Art, Second Edition, the directory of participating artists.

A Place of Art II has expanded its horizons to

include not only visual arts for the 1993 presentation, but performing arts as well. SSC student Adam Haynes will be featured for impromptu piano performances during the tour in addition to a sampling of the art of cooking during a special presentation by Creole Kitchen.

The spectacular "As Far As He Could See" photographic exhibit of the works of Leigh Briscoe Allen from Mississippi's Old Capitol Museum Collection will also be featured.

"Bay St. Louis is proud of its artists. They are the soul of the city and are responsible for

maintaining a balance in our quality of life," said Mayor Eddie Favre.

He said, "We support the efforts of the Foundation to build this event as a major attraction for Bay St. Louis and are appreciative of the efforts of the many corporate sponsors from our business sector who are taking an active roll in presenting the art of Bay St. Louis for everyone to enjoy."

For more information on both the Patron's Party or the Art Tour, call Mike Cuevas at 467-9092 or Ruth Thompson at 467-8201.

Coast Symphony Orchestra opens 31st season

Mazurkevich Duo

Opening act

The Gulf Coast Symphony Orchestra opens its 31st season at the Biloxi Saenger Theatre on Saturday, September 18, at 8 p.m. with guest artists, The Mazurkevich Duo, violinists.

The Mazurkevich Duo combines the inspired and virtuoso playing of Yuri Mazurkevich and the spirited energy of his wife and artist partner, Dana Pomerantz.

For the opening concert of the season Andrew H. Harper, conductor, has selected Vivaldi's Concerto for Two Violins, featuring The Mazurkevich Duo. The concert will conclude with

Beethoven's Symphony #3 in E-flat.

There will be an open rehearsal at the Saenger on Saturday, September 18, at 3 p.m. Tickets will be available at the door.

Advance tickets are available at the Greater Gulf Coast Arts Council, 2511 13th Street, Gulfport, phone 864-4000, or may be obtained by writing the Gulf Coast Symphony Orchestra Inc., P.O. Box 7294, Gulfport, MS 39506.

Open rehearsal is \$5 and the concert at 8 p.m. is \$15. Single ticket price for 12 years of age and under is \$8.

Nunsense II

Bay St. Louis Little Theatre will unveil its production of Nunsense II—The Second Coming on October 1. The sequel to the smash hit Nunsense is one of the first productions in this area of the hilarious new musical comedy. Early reservations are suggested.

Scheduled performances are October 1, 2, 8 and 9. Curtain time is 8 p.m.

Tickets may be obtained at the box office at 301 Boardman Avenue in Bay St. Louis on Tuesdays, Wednesdays and Thursdays from 6-7 p.m. and Sundays from 2-3 p.m. or call 467-2472 to purchase by mail. Admission is \$7.50.

Arts competition

The sixth annual Magnolia Arts Competition, October 6-19, offers over \$5,600 in prizes.

The adult division is open to

all Mississippi residents ages 18 and over. The student division is open to all students currently enrolled in grades K-12.

Bob Dunaway, noted Mississippi artist, will be the judge.

Registration deadline is October 2. For entry forms or more information, call Rose Nelson at 977-6245 or Anne Dennis at 856-8966, or write the Magnolia Fine Arts Competition, P.O. Box 1513, Ridgeland, MS 39158.

Donation

Gifts By the Bay in downtown Bay St. Louis had a drawing for a Darrell Favre painting at its recent grand opening. Danelle Ramsel was the winner.

Crafts on display

From New Orleans to Alexandria, from Baton Rouge to Monroe, from Lafayette to Shreveport, the New Orleans Museum of Art, in concert with the RHINO Contemporary Craft Company, brings together the most notable achievements of Louisiana's urban craft artists with the exhibition, Contemporary Crafts In the Urban Environment, Sept. 18 through Nov. 7.

The exhibition is supported by a grant from the Arts Council of New Orleans will showcase the works of 50 to 60 Louisiana artists. Featured crafts include ceramics, glassworks, clothing, jewelry and furniture.

To complement the exhibition, NOMA will present Crafts

on the Avenue Oct. 9-10, an outdoor crafts festival set on Lelong Avenue, the beautiful, oak-lined approach to the New Orleans Museum of Art.

Exhibits

Hillyer House, 207 E. Scenic Drive, Pass Christian, offers September exhibits: 'Harbor Series' watercolors by Barbara Wing; 'Crabs' sculpture sea life pottery glazes by Matt Brabham of Florida; Handblown glass jewelry by Carolyn Grane of Washington.

On Saturday, Sept. 18 from 11-2 Mary Jane Cox will demonstrate painting with watercolors—scenes of the Coast.

Submissions to Artin' About should be sent to The Sea Coast Echo, P.O. Box 2009, Bay St. Louis, MS 39520. Notices will be edited and published on a space-available basis.

Department of Health compiles assessment of perinatal care for mothers and their children

Mississippi produces one of the highest percentages of low-birthweight babies in the nation. Birthrates to Mississippi teenagers are the highest in the country, and no state records a more excessive rate of infant mortality.

To help local communities target their successes and shortcomings in perinatal care, the Mississippi State Department of Health compiled the Mississippi Healthy Futures County Data Book, a decade's assessment of health care for mothers and their children.

The book profiles perinatal experiences in each Mississippi county over the past nine years. The data book devotes two pages of facts and figures to each of the state's 82 counties. Analysts examine pregnancy outcomes, birthweights and infant mortality rates.

All county statistics are based on a five-year average from 1987 to 1991.

HANCOCK COUNTY
The infant death rate is down in the past decade, especially for nonwhite infants. The non-white infant death rate in Hancock County is 9.8, compared to 16 deaths per thousand births for the state.

Significantly fewer low and very low birthweight babies were born in Hancock County over the past nine years. These high-risk babies are 40 times more likely to die or suffer from permanent disabilities than babies born at normal weight.

Although births to teens didn't drop, the rate stayed below state average. One Hancock County baby in five has a

teenage mother.

Maternity and newborn services are available but not enough for the Hancock County population. One pregnant woman in four fails to get maternity care until the fourth month of pregnancy or later.

At least nine publicly funded programs improve access to Mississippi's maternity and infant care. More information concerning those programs or the Mississippi Healthy Futures County Data Book is available from the local public health district office or the Mississippi State Department of Health at 960-7667.

Maroon Tide drowns Hawks 18-0

Special to the Echo
BY TRACI BONNEY
The Picayune High School Maroon Tide chalked up its third win of the season Friday at the expense of the Hancock High Hawks.

The 5-A Tide shut out the 4-A Hawks on their home turf—or, to be more accurate, their home mud puddle.

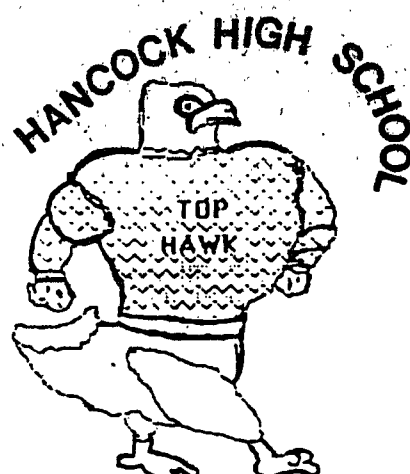

Torrential rains early Friday afternoon made the field at Hawk stadium a more likely home for crawfish than football players. The last couple of hours of sunlight before dusk did little to dry up the muddy field, and the game reflected the playing conditions with mishandled snaps and fumbled balls galore for both teams.

In addition, the storm knocked out both the stadium scoreboard and the water supply. The game time was kept by field referees, and thirsty fans had to make do with soft drinks and, when the soda supply ran out, cups of ice.

Picayune received the open-

ing kickoff of the game, but punted the ball to Hancock four plays later. Hancock returned the favor with interest after only four plays, when a Hawk

after attempts succeeding. The Tide's second TD came late in the third quarter, and the final score occurred early in the fourth.

pass was intercepted by Picayune's Patrick Wilks, who ran the ball in for the Tide's first touchdown of the night.

Two more touchdowns would follow during the course of the game, with none of the point

Picayune also made a 31-yard field goal attempt late in the second quarter, but the ball went wide right.

Hancock made several good plays during the game, and had a number of sustained drives,

but never reached scoring position. They capitalized on several Tide fumbles and forced a number of punts, but also lost the ball several times to intercepted passes and fumbles.

Hancock head coach Irvin Favre attributed the Hawks' loss to a number of factors, including the muddy field, the mishandling of the ball and the playing of the Tide.

"Normally, we like to mix it up and throw the ball more than we did tonight, but my quarterback came in off the field and said, 'I can't grip it; I can't throw it,' and the center said, 'I can't snap it'."

"We just weren't able to play the game as well as we would have liked. You saw us; we'd make a really good play, but we couldn't keep the momentum going and we'd lose possession of the ball."

"I give Picayune all the credit. They played a really good game. We watched their game films, and we knew they had a good team."

Favre said the change in field conditions Friday concerned the Hawks. The muddy field would work against the Hawks.

The field was the day, the storm came.

We had dry situations that our big Picayune was dry so we were the ball was the 3:00 rival Pearl day, while it into Bay St. against the St. Stanislaus.

Tigers whip Pirates 33-7

Special to the Echo
The Bay High School Tigers evened their season record at 1-1 on Friday night at Pass

the Pirates just didn't capitalize on the opportunities that would have put them back in the game.

Antoine did the work, bullying over from the one with 2:27 left in the first half. Keener's kick was no good, but it was 13-0, Bay High.

But the Pirates weren't out of it by a long shot.

Like lightning they struck two plays later. After losing yardage from the 33 back to the 26, Alexander struck out down the middle and raced 74 yards for the TD, outrunning two Tigers and leaping into the endzone.

Lawrence Hampton's PAT was good. It was 13-7, the closest the Pirates would come all night to the Tigers.

The Tigers then put together a 14-play, 63-yard touchdown drive that ate up the remainder of the second period. The drive was capped by a one-yard sneak by Sheppard. Keener's kick was no good, but it was 19-7, Tigers.

The Tigers then had an excellent opportunity to add another TD before the half when Williams intercepted another pass about the 50 and returned it to the 12. But two plays later the Tigers fumbled, and Pirate Henry Labat pounced on the ball at the 4 to kill the drive.

First-half action ended with the score 19-7.

The Tigers, normally a running team, rushed for 210 yards, but turned in a good passing game, too, gaining 166 yards in the air on Sheppard's arm.

They had 84 yards rushing and 115 on Clark's arm.

Third quarter action tilted back and forth. But the Tigers added two late fourth quarter scores to put the game on ice.

Antoine plunged over from the one with 3:56 left, and Leroy Hawkins ran 16 yards for a touchdown with 1:29 left. Both Keener's kicks were good, winding up the scoring at 33-7.

The Tigers win brought the Pirates to 1-1 on the season. The Pirates dropped to 2-1. It was a non-conference game. Bay High is 4-A, the Pirates 2-A. Last week the Pirates were rated 9th in the Associated Press's Little 10 poll.

Tiger Xavier Lewis snags a pass

Chrisitan by beating the Pirates 33-7. But it wasn't easy, and the score remained close most of the game in a hard-fought contest between two rivals.

Tiger head coach Rocky Gaudin pointed to the score after the game, and said it wasn't as easy as the score seemed to indicate. He said the Pirates have a good team and you can't underestimate them.

And he's right.

It was a thrill a minute in the first-half action, and the Pirates were only a touchdown away from evening the score. But late in the battle, the Pirates, trying to play catchup, had too many pass interceptions. And the Tigers turned the turnovers into touchdowns.

Two of the Tigers' TDs were scored with about three minutes left in the game, pushing the final margin to 33 points.

Pirate head coach Joseph Brown said after the game that

tuating figures, Weidman said, "If we think we're going to get this money, let's add it to the civic center."

The proposed revenue of \$12,000 from the sewerage contract was put toward renovating the civic center.

Weidman said that they were "over-estimating" projected revenues. "We cannot budget more than we have cash on hand," he said.

"The law says you must adopt a budget by the 15th and you can make projections," Gex said.

After the smoke cleared, the city of Waveland's millage for the 1993-94 budget was set at 13.5, with a millage of 8 in the general fund, 2.65 in recreation, .85 in the library, and 2 in the

state loan retirement fund.

In other matters, the board agreed to send Police Chief Jimmy Varnell and another detective to a ROCIC seminar. The board previously rejected the request.

Weidman requested feedback upon return from the seminar.

Maroon Tide drowns Hawks 18-0

Special to the Echo
BY TRACI BONNEY
The Picayune High School Maroon Tide chalked up its third win of the season Friday at the expense of the Hancock High Hawks.

The 5-A Tide shut out the 4-A Hawks on their home turf—or, to be more accurate, their home mud puddle.

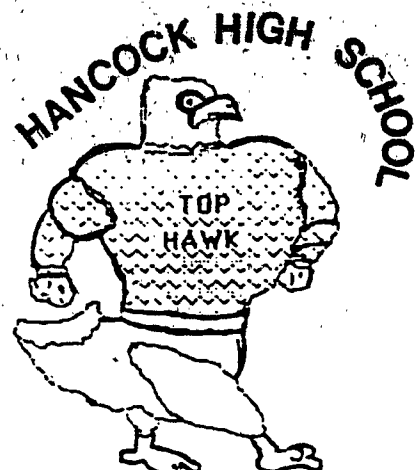

Torrential rains early Friday afternoon made the field at Hawk stadium a more likely home for crawfish than football players. The last couple of hours of sunlight before dusk did little to dry up the muddy field, and the game reflected the playing conditions with mishandled snaps and fumbled balls galore for both teams.

In addition, the storm knocked out both the stadium scoreboard and the water supply. The game time was kept by field referees, and thirsty fans had to make do with soft drinks and, when the soda supply ran out, cups of ice.

Picayune received the open-

ing kickoff of the game, but punted the ball to Hancock four plays later. Hancock returned the favor with interest after only four plays, when a Hawk

after attempts succeeding. The Tide's second TD came late in the third quarter, and the final score occurred early in the fourth.

pass was intercepted by Picayune's Patrick Wilks, who ran the ball in for the Tide's first touchdown of the night.

Two more touchdowns would follow during the course of the game, with none of the point

Picayune also made a 31-yard field goal attempt late in the second quarter, but the ball went wide right.

Hancock made several good plays during the game, and had a number of sustained drives,

but never reached scoring position. They capitalized on several Tide fumbles and forced a number of punts, but also lost the ball several times to intercepted passes and fumbles.

Hancock head coach Irvin Favre attributed the Hawks' loss to a number of factors, including the muddy field, the mishandling of the ball and the playing of the Tide.

"Normally, we like to mix it up and throw the ball more than we did tonight, but my quarterback came in off the field and said, 'I can't grip it; I can't throw it,' and the center said, 'I can't snap it'."

"We just weren't able to play the game as well as we would have liked. You saw us; we'd make a really good play, but we couldn't keep the momentum going and we'd lose possession of the ball."

"I give Picayune all the credit. They played a really good game. We watched their game films, and we knew they had a good team."

Favre said the change in field conditions Friday concerned the Hawks, because they knew the muddy playing surface would work against them.

"The field was dry earlier in the day, then we had this awful storm come up and mess up the field."

"We had been praying for a dry situation, because we knew that our big hope to neutralize Picayune was to have the field dry so we would be able to throw the ball well."

The 3-0 Tide faces county rival Pearl River Central Friday, while the 1-2 Hawks travel into Bay St. Louis to square off against their county rival, the St. Stanislaus Rock-a-chaws.

Registration concludes today for fall soccer

Bay Area Youth Soccer Association (BAYS) will conclude registration for the fall season today at six locations.

Players may register in Bay St. Louis at Jitney Jungle, Kmart, Mississippi Power Company and Winn Dixie, and in Waveland at National and Wal-Mart.

Hours are Sunday, September 12 from 1 until 4 p.m.

Registration fee is \$35, which includes uniform and insurance. Additional children in one family may be registered for \$30 each. Checks should be made payable to BAYS.

Tigers whip Pirates 33-7

Special to the Echo
The Bay High School Tigers evened their season record at 1-1 on Friday night at Pass

the Pirates just didn't capitalize on the opportunities that would have put them back in the game.

Antoine did the work, bullying over from the one with 2:27 left in the first half. Keener's kick was no good, but it was 13-0, Bay High.

But the Pirates weren't out of it by a long shot.

Like lightning they struck two plays later. After losing yardage from the 33 back to the 26, Alexander struck out down the middle and raced 74 yards for the TD, outrunning two Tigers and leaping into the endzone.

Lawrence Hampton's PAT was good. It was 13-7, the closest the Pirates would come all night to the Tigers.

The Tigers then put together a 14-play, 63-yard touchdown drive that ate up the remainder of the second period. The drive was capped by a one-yard sneak by Sheppard. Keener's kick was no good, but it was 19-7, Tigers.

The Tigers then had an excellent opportunity to add another TD before the half when Williams intercepted another pass about the 50 and returned it to the 12. But two plays later the Tigers fumbled, and Pirate Henry Labat pounced on the ball at the 4 to kill the drive.

First-half action ended with the score 19-7.

The Tigers, normally a running team, rushed for 210 yards, but turned in a good passing game, too, gaining 166 yards in the air on Sheppard's arm.

They had 84 yards rushing and 115 on Clark's arm.

Third quarter action tilted back and forth. But the Tigers added two late fourth quarter scores to put the game on ice.

Antoine plunged over from the one with 3:56 left, and Leroy Hawkins ran 16 yards for a touchdown with 1:29 left. Both Keener's kicks were good, winding up the scoring at 33-7.

The Tigers win brought the Tigers to 1-1 on the season. The Pirates dropped to 2-1. It was a non-conference game. Bay High is 4-A, the Pirates 2-A. Last week the Pirates were rated 9th in the Associated Press's Little 10 poll.

Chrisitan by beating the Pirates 33-7. But it wasn't easy, and the score remained close most of the game in a hard-fought contest between two rivals.

Tiger head coach Rocky Gaudin pointed to the score after the game, and said it wasn't as easy as the score seemed to indicate. He said the Pirates have a good team and you can't underestimate them.

And he's right. It was a thrill a minute in the first-half action, and the Pirates were only a touchdown away from evening the score. But late in the battle, the Pirates, trying to play catchup, had too many pass interceptions. And the Tigers turned the turnovers into touchdowns.

Two of the Tigers' TDs were scored with about three minutes left in the game, pushing the final margin to 33 points.

Pirate head coach Joseph Brown said after the game that

He said the Pirates fought hard, but he also added that the Tigers had a big, tough line.

Tiger senior halfback Dwayne Antoine provided most of the punch to put the Tigers on the scoreboard first. Antoine carried five of the seven plays on a 60-yard drive, that was capped by 25-yard toss from quarterback Sam Sheppard to halfback Xavier Lewis for the touchdown.

Shawn Keener's extra point kick was good, making it 7-0, Bay High, with 7:05 left in first period action.

The Pirates then drove down to the Tiger 37 but stalled, then punted, but were given a golden opportunity when the Tigers fumbled on the first play, giving the Pirates back the ball on the 13.

But the Pirates couldn't get into the endzone.

Pirate Lionel Alexander drove to the five. Quarterback Kevin Clark was thrown for a loss back to the eight, and on third down Tiger Reggie Williams picked off a Clark pass at the one to kill the Pirates drive.

Then came the best Tiger performance of the night, a 99-yard touchdown drive, highlighted by a screen play that surprised the Pirates and went for 83 yards.

On third and short yardage, Sheppard flipped a screen pass out to halfback Wali Shabazz on the 9. It was off to the races, and Shabazz wasn't brought down until he reached the Pirate 9.

On the next two plays,

tuating figures, Weidman said, "If we think we're going to get this money, let's add it to the civic center."

The proposed revenue of \$12,000 from the sewerage contract was put toward renovating the civic center.

Weidman said that they were "over-estimating" projected revenues. "We cannot budget more than we have cash on hand," he said.

"The law says you must adopt a budget by the 15th and you can make projections," Gex said.

After the smoke cleared, the city of Waveland's millage for the 1993-94 budget was set at 13.5, with a millage of 8 in the general fund, 2.65 in recreation, .85 in the library, and 2 in the

state loan retirement fund.

In other matters, the board agreed to send Police Chief Jimmy Varnell and another detective to a ROCIC seminar. The board previously rejected the request.

Weidman requested feedback upon return from the seminar.

A Place of Art II

Local artists featured in Sept. 25 tour

The Bay St. Louis Development Foundation sponsors the second annual open air tour of Bay area artists works, A Place of Art II, Saturday, October 9, in historic downtown.

Featured artist is Elizabeth Lirette-Vest. Her work, "Forget Me Not," will be used by the Foundation to promote the annual event.

The Foundation, in cooperation with the City of Bay St. Louis and Casino Magic, will present a Patron's Party to preview selected works of participating artists Sunday, September 25.

With work in private and corporate collections throughout the United States, Western Europe and South America, Lirette-Vest has been involved with the fine arts for 20 years. Best known for her visionary seascapes, she has allowed use of one of her favorite originals of the Bay of St. Louis.

"Forget Me Not" will be the artwork featured on the commemorative fan and A Place of Art, Second Edition, the directory of participating artists.

A Place of Art II has expanded its horizons to

include not only visual arts for the 1993 presentation, but performing arts as well. SSC student Adam Haynes will be featured for impromptu piano performances during the tour in addition to a sampling of the art of cooking during a special presentation by Creole Kitchen.

The spectacular "As Far As He Could See" photographic exhibit of the works of Leigh Briscoe Allen from Mississippi's Old Capitol Museum Collection will also be featured.

"Bay St. Louis is proud of its artists. They are the soul of the city and are responsible for

maintaining a balance in our quality of life," said Mayor Eddie Favre.

He said, "We support the efforts of the Foundation to build this event as a major attraction for Bay St. Louis and are appreciative of the efforts of the many corporate sponsors from our business sector who are taking an active roll in presenting the art of Bay St. Louis for everyone to enjoy."

For more information on both the Patron's Party or the Art Tour, call Mike Cuevas at 467-9092 or Ruth Thompson at 467-8201.

Department of Health compiles assessment of perinatal care for mothers and their children

Mississippi produces one of the highest percentages of low-birthweight babies in the nation. Birthrates to Mississippi teenagers are the highest in the country, and no state records a more excessive rate of infant mortality.

To help local communities target their successes and shortcomings in perinatal care, the Mississippi State Department of Health compiled the Mississippi Healthy Futures County Data Book, a decade's assessment of health care for mothers and their children.

The book profiles perinatal experiences in each Mississippi county over the past nine years. The data book devotes two pages of facts and figures to each of the state's 82 counties. Analysts examine pregnancy outcomes, birthweights and infant mortality rates.

All county statistics are based on a five-year average from 1987 to 1991.

HANCOCK COUNTY
The infant death rate is down in the past decade, especially for nonwhite infants. The non-white infant death rate in Hancock County is 9.8, compared to 16 deaths per thousand births for the state.

Significantly fewer low and very low birthweight babies were born in Hancock County over the past nine years. These high-risk babies are 40 times more likely to die or suffer from permanent disabilities than babies born at normal weight.

Although births to teens didn't drop, the rate stayed below state average. One Hancock County baby in five has a

teenage mother.

Maternity and newborn services are available but not enough for the Hancock County population. One pregnant woman in four fails to get maternity care until the fourth month of pregnancy or later.

At least nine publicly funded programs improve access to Mississippi's maternity and infant care. More information concerning those programs or the Mississippi Healthy Futures County Data Book is available from the local public health district office or the Mississippi State Department of Health at 960-7667.

WEDDINGS, ENGAGEMENTS

Godso-Noonan

Natalie Elizabeth Noonan of Bay St. Louis and David Wayne Godso of Baton Rouge, La. were united in marriage August 21, 1993, at Our Lady of the Gulf Catholic Church in Bay St. Louis.

The Rev. William Kelley, SVD officiated the 3 p.m. ceremony.

The bride is the daughter of Mr. and Mrs. Alan P. Noonan of Bay St. Louis. The groom is the son of Mrs. Pat Chaney of Baton Rouge.

Given in marriage by her father, the bride chose a formal gown of ivory satin in a sheath style with fortun-pleated portrait collar embellished with beaded schiffli lace. A layered butterfly bow held the detachable chapel length, lace decorated tunnel train. She wore a tiara headpiece of pearls which held a fingertip veil of illusion.

The bride carried a cascading bouquet of gardenias and pink and white bridal roses with stephanotis, white freesia and dendrobium orchids.

The attendants were attired in two-piece sheath dresses in jade green. Each featured a portrait collar and peplum waist over a slim skirt.

Jacqueline Lockhart attended as maid of honor. Bridesmaids were Julie Vicknair, Renee Schaefer and Jennifer Duncan.

Chip Beshenich was best man. Ushers were Ed Lockhart, Timothy Fayard and David Warman.

Allison Dutsch was flower girl. Kevin Vidaurre was ring bearer.

Organist Olive McKenna and soloists Judith D'Angelo and Rev. Jerome Ledoux, SVD provided nuptial selections.

Following a Nuptial Mass a reception was held at the Bay-Waveland Yacht Club.

Pre-nuptial parties

A rehearsal dinner was held at Montana's Restaurant in Gulfport.

Parties included a crawfish boil and couple's shower May 23, at the home of Mr. and Mrs. Victor Vidaurre; a bridal shower July 24 at the home of Mr. and Mrs. Burt Taylor; a bridal luncheon

hosted by Mrs. Watson Johns at her home; and a bridesmaids' shower hosted by Jacqueline Lockhart at the home of Mr. and Mrs. Burt Taylor.

Mr. and Mrs. Godso will make their home in Watertown, Mass. The groom was graduated in August from Louisiana State University and is employed with IBM Corp. The bride is a 1993 graduate of the University of Southern Mississippi with a degree in business administration.

Moran-Murray

Mr. and Mrs. Anthony W. Moran of Bay St. Louis announce the engagement and forthcoming marriage of their daughter, Susan Antoinette Moran, to Michael Joseph Murray Jr., grandson of Mr. and Mrs. Kenneth G. Layus of Bay St. Louis.

The bride-elect is a graduate of Bay High School where she was a member of National Honor Society. She attended Belmont University in Nashville and is currently attending Pearl River Community College.

She is employed by Kmart in Waveland.

Dale Carnegie course offered in Diamondhead

An orientation meeting of the Hancock County Dale Carnegie Course is scheduled Wednesday, Sept. 15 at 6:30 p.m. at the Day's Inn Diamondhead.

"We are excited about the response we are having in the Hancock County area and encourage anyone who has an interest to attend this session," said presenter Glyn Ed Newton.

The class covers such areas as strengthening leadership skills, developing additional self confidence, dealing with tension and stress more effectively, memory skill development, and communications skills.

"This is the same class which is offered in New Orleans, Mobile and Jackson and all over the world. We are pleased to be able to offer it locally," Newton said.

More than 175,000 people participated in the training last year. It is being sponsored locally by the Hancock County Chamber of Commerce for information and reservations call 1-800-467-1773.

Jennifer Bankston

Frank Batchelder Bankston of Mandeville and Mrs. Virginia Echols Bankston of Covington and Bay St. Louis announce the engagement of their daughter, Jennifer Echols Bankston to Allen Wayne Buras Jr., son of Mr. and Mrs. Allen Wayne Buras Sr.

The wedding will be solemnized in late September at Our Lady of the Lake Church in Mandeville. A reception will follow at La Ferme de Caille in Abita Springs.

Miss Bankston, whose mother is the former Miss Mary Virginia Echols of Hammond, was graduated from St. Scholastica Academy and received a bachelor of arts degree in political science from Louisiana State University and a degree in secondary education from Southeastern Louisiana University.

She is the granddaughter of the late Mr. and Mrs. Frank Howard Bankston and Mrs. Berry Wade Echols and the late Mr. Echols.

Mr. Buras, whose mother is the former Miss Mildred Ann White of Covington, was graduated from Covington High School. He is employed as a bar pilot with the Associated Branch Pilots for the Port of New Orleans.

He is the grandson of Mrs. Leon Cloefield Buras II and the late Captain Buras and Mrs. Curtis Harold White and the late Mr. White.

Following a wedding trip to St. Lucia, the couple will reside in Mandeville.

Lester-Deen

Mr. and Mrs. Inmond L. Deen Jr. of Pass Christian and Bay St. Louis announce the engagement of their daughter, Mary Parker Deen, to David Vaughan Lester, son of Robert Lee Lester and Mrs. Shirley Vaughan Lester of Indianola, Iowa. An October wedding is planned at Trinity Episcopal Church in Pass Christian.

Miss Deen, whose mother is the former Mary Kay Parker, was graduated in 1987 from Coast Episcopal School and received a bachelor of arts degree cum laude in 1991 from Millsaps College where she was a member of Kappa Delta Sorority.

She was presented in 1989 at the Gulf Coast Debutante Society Ball in Biloxi and the Commodore's Ball at the Pass Christian Yacht Club. A graduate student at the University of Iowa, her goal is to work with children and do research on infantile autism.

The bride-elect is the paternal granddaughter of Mrs. Jean Cook Deen of Ripley and the late Mr. Inmond Louis Deen. Her maternal grandparents are Mrs. Estelle Daniel Parker of New Albany and the late Mr. John Ambrose Parker.

Mr. Lester is a 1987 graduate of Indianola High School and in 1991 received a bachelor of arts degree from Millsaps College where he was a member of Pi Kappa Alpha Fraternity and the varsity golf team. He is pursuing a career as a writer and is employed at the Prairie Life Book Store in Iowa City, Iowa.

His paternal grandparents are the late Mr. Thomas Keith Lester of Montezuma, Iowa, and the late Mrs. Mary Helen Lester, Oskaloosa,

Iowa. His maternal grandparents are Mr. and Mrs. Oakley Oran Vaughan of Richmond, Va.

CLUBS, AUXILIARIES

Hancock Women's Club

Hancock Women's Club held its meeting since the summer break on Thursday, Sept. 9 at the Galley, Waveland Resort Inn, with Loraine Townsend presiding. Some 40 members and guests attended.

Marian Rapp was readmitted as member, and guests were Carolyn Taylor, Shirley Cox, Margaret Prevou, Kathie Zinc, Rose Frier, Marilyn O'Neill and Phil Lagasse.

Members approved a donation of \$150 toward the purchase of fans or air conditioning units for Head Start, since they are much needed by that organization. Other donations were discussed, but were tabled until the next meeting.

Fun and Games Day will be at the home of Loraine Townsend at 1 p.m. Wednesday, Sept. 22. This will be a money maker for the club, as the game will be white elephant bingo where all prizes are donated 'white elephants' wrapped in newspaper, with one chosen by the winner after each game.

Part of the fun is waiting while each winner unwraps and shows off her prize. Guests as well as members are asked to bring one or more items as prizes. Mid-afternoon refreshments will be served.

The club will sell tickets during the coming month on a \$100 gift certificate to be raffled off at a covered-dish social, which is planned for late October.

The next board meeting will be at Townsend's home on Oct. 4.

The next meeting will be at the Waveland Resort Inn Oct. 14.

The meeting ended with Pat Lanham winning the door prize. The Galley also held a raffle, with a winner at each table of the floral centerpiece at each table.

The restaurant also permitted those who wanted to stay and play cards to remain as long as they wanted. Thanks were extended for the meal and hospitality.

Child caregivers' workshop offered by Ext. Service

charged to cover the cost of a morning and noon beverage. The fee is due by Sept. 15.

Hancock County Cooperative Extension Service is presenting an educational seminar designed to meet the needs of local child caregivers.

The workshop will be at Hancock High School library, 8:30 a.m. to 2 p.m. Saturday, Sept. 18.

People who take care of pre-school children are important and they have special staff development needs. Since caregivers help guide the development of children, they provide a very worthy service to families in Hancock County.

Most caregivers want to know more about how to provide quality care, and that is the goal of this workshop.

The program will include the following topics:

- Working with children with special needs;
- Enhancing story time;
- Enrichment activities for Mr. Roger's Neighborhood;
- Implementing weekly themes;
- Setting up learning centers;
- Managing children's behavior, and
- Learning through art.

Presenters for this video program are child development professors, specialists and child care practitioners. Darlene Underwood, extension agent, Family And Consumer Education, will involve participants in on-site activities. Pre-register by calling 467-5456 by Sept. 15. The registration will be closed with 50 participants.

A \$2 registration fee will be

COOKING UP A STORM

By Katy McGuire Caire

Less expensive cuts are delicious when marinated

The mark of a truly good cook manifests itself not so much in fussy, fancy expensive concoctions as it does in the presentation of inexpensive, or relatively inexpensive dishes made special through the cook's own creative touches and use of flavor combinations.

Thrifty gourmet cooks have long "tamed" the toughness of less expensive cuts of beef by the use of marinades, to make the meat more tender and to enhance flavor, and have used wines and broths and such for braising less tender cuts.

And, time after time these thrifty but good cooks count on mounds of fluffy rice to extend the serving of meat. Consider the case of that classic of steakdom, Steak Diane.

You needn't weep at memories of succulent Steak Diane as you pass up the higher priced top steaks at the market. That good old standby round steak, when properly tenderized and

accented, fills the bill without running the grocery bill sky-high!

I usually prefer to tenderize meat by marinating in olive oil, burgundy wine and black pepper, and I have used red wine vinegar at other times. Braising in wine or broth also helps, but you may use meat tenderizer instead, if you insist.

And, if you "hit" the brandy bottle — for the steak, not for you — and add the accent of fresh mushrooms and/or tomatoes, you've a dish fit for almost any occasion. Here's:

SKINFLINT GOURMET'S STEAK DIANE

1½ to 2 lbs. top round steak, an inch thick, no thicker, please
1/2 cup butter or margarine
1/4 cup brandy (optional)
1/2 cup sliced green onions, with tops

1 tsp. each Tabasco and Worcestershire sauce (less, if you prefer milder taste)

Dash of black pepper, salt optional

Cut the steak into six serving portions, and pound well with a mallet or the rim of a saucer until they're a half inch thick. At this point, you may want to marinate the meat for an hour or so, as I do, or skip this step and sprinkle meat tenderizer according to directions.

Whatever you choose, when you're ready to proceed, melt three tablespoons of the butter over high heat in a large, heavy skillet, my trusty cast iron for me. As soon as the butter's bubbly, sear the steaks quickly on one side, then the other, a minute per side, for me at least.

Lower the heat, splash the brandy over, along with the hot sauce, onions and pepper, and, if you wish, cook the steaks a bit longer, to your liking. Remove the steaks from the skillet, keeping them warm while you add the remainder of the butter to the mixture in the pan, and

stir together, scraping up the bits at the bottom of the pan. When the butter is melted into the sauce, pour over the steaks and serve with rice.

If you want to go a bit farther, add cut-up tomatoes and sliced fresh mushrooms to the skillet while you make the sauce.

Longo named Phillips 'Ambassador'

John Thomas Longo of Waveland recently received "Ambassador" honors for Phillips Junior College of the Mississippi Coast.

Longo is the son of Mrs. Jean Crump Longo of Waveland and the late John Longo Jr.

William Carver, director of Phillips Junior College, made the presentation. Ambassador recipients are senior students showing outstanding leadership and scholarship qualities. Longo is an honors graduate and a member of Phi Theta Kappa and has maintained a 4.0 GPA.

Longo is a 1976 graduate of St. Stanislaus. He also attended Pearl River Junior College and Mississippi College where he received ACT, alumni and athletic honors.

Attending with Longo at the breakfast presentation was his

daughter, Tiffany Marie, a student at St. Clare in Waveland.

Tiffany was proclaimed "Mas-cot" by Carver.

LEGAL NOTICE

ORDER OF THE MISSISSIPPI DEPARTMENT OF
WILDLIFE, FISHERIES AND PARKS REOPENING
CERTAIN OYSTER HARVESTING AREAS IN
MISSISSIPPI

BY ORDER OF THE MISSISSIPPI DEPARTMENT OF
WILDLIFE, FISHERIES AND PARKS, THE FOLLOW-
ING AREAS OF MISSISSIPPI THAT HAD BEEN
CLOSED TO THE HARVESTING OF OYSTERS ARE
HEREBY OPENED EFFECTIVE AT 2:00 P.M. ON
TUESDAY, THE 31ST DAY OF AUGUST, 1993.

THESE AREAS ARE BEING OPENED AFTER SAM-
PLING HAS SHOWN THAT THE AREA NOW CON-
FORMS TO ITS MANAGEMENT PLAN AND HAS
BEEN DEEMED SAFE FOR THE HARVEST OF OYS-
TERS AT THIS TIME.

THE CONDITIONALLY APPROVED WATERS OF
AREA IV DESCRIBED AS FOLLOWS SHALL OPEN
FOR HARVEST FROM RIPARIAN RIGHTS AREAS
ONLY:

All waters within one (1) mile of the shoreline of
Cat Island including South Bayou and Smuggler's Cove,
except for all bays, bayous, and tributaries on the north
side of Cat Island, which are classified restricted, and all
waters west of a line drawn from a point on the shoreline
due south of Minge Avenue to the westernmost tip of
Cat Island, thence, due south to the Mississippi/
Louisiana State Line.

ALL FISHERMEN HARVESTING OYSTERS WITHIN
SEVEN HUNDRED AND FIFTY (750) YARDS OF
THE SHORELINE OF CAT ISLAND IN THE ABOVE
DESCRIBED CONDITIONALLY APPROVED
WATERS MUST HAVE WRITTEN PERMISSION TO
HARVEST FROM THE RIPARIAN RIGHT OWNER(S)
IN THEIR POSSESSION AND AVAILABLE FOR
INSPECTION UPON REQUEST BY ANY OFFICIAL
OF THE DEPARTMENT OF WILDLIFE, FISHERIES
AND PARKS PRIOR TO HARVESTING.

ALL REGULATIONS SET FORTH IN ORDINANCES
OR STATE LAWS SHALL BE IN FULL FORCE AND
EFFECT AND IT SHALL BE UNLAWFUL TO VIOLATE
SAID PROVISIONS OF SAID ORDINANCES, ORDI-
NANCES OR LAWS. FISHERMEN ARE REMINDED

There came on for consideration the following
Resolution GIVING NOTICE OF INTENT
TO TAKE FURTHER ACTION AND TO DIRECT
THE BOARD OF NOT EXCEEDING \$4,400,000
OF WASTEWATER TREATMENT FACILITIES
REVENUE BONDS OF SOUTHERN REGIONAL
WASTEWATER MANAGEMENT DISTRICT

WHEREAS, the Southern Regional Wastewater
Management District (the "District") is authorized under
the "Southern Regional Wastewater Management
Act" (the "Act"), to undertake the acquisition,
construction, improvement and extension of
"collection facilities" and "treatment facilities"
(as defined in the Act) which are carried by the District,
whether or not such facilities are carried by the District,
the payment of interest on bonds of the District, the
establishment of reserves to secure such bonds, expense
incident to the issuance of such bonds and to the
implementation of the District's programs, and all other
expenditures of the District incident to or necessary or
convenient to carry out its corporate purposes and powers;
and

WHEREAS, pursuant to the Act the District has
entered or is in the process of entering into Amended
and Restated Wastewater Service Contracts (the
"Contracts") with the Mississippi cities of Waveland and
Bay St. Louis and Hancock County, Mississippi
(together the "Affected Public Agencies"), for the treat-
ment by the District of the wastewater of the Affected
Public Agencies; and

WHEREAS, the District is or will be obligated under
the terms of the Contracts to undertake the acquisition,
construction, improvement and extension of certain col-
lection facilities and treatment facilities, or any combina-
tion thereof (the "Project"), in order to provide service to
the Affected Public Agencies; and

WHEREAS, the Board of Directors of the District
finds and determines that the portion of the cost of the
Project to be paid from the proceeds of said revenue
bonds is estimated to be \$4,400,000, that the said bonds
should be provided through the issuance of said
revenue bonds.

NOTED, THEREFORE, BE IT RESOLVED BY THE
Board of Directors of the Southern Regional Wastewater
Management District, as follows:

Section 1. That the Board of Directors (the "Board")
of the Southern Regional Wastewater Management
District (the "District") hereby declares its intention to
take further action and to direct the issuance of not to
exceed \$4,400,000 of Wastewater Treatment Facilities
Revenue Bonds of the District (the "Bonds") for the pur-
pose of (i) paying a portion of the cost of acquiring, con-
struction, improvement and extending certain collection
facilities and treatment facilities, and (ii) providing for
the payment of interest on the Bonds, and (iii) providing
for the payment of the cost of issuing the Bonds, and (iv)
paying such other costs and expenses as may be incurred
in connection with the issuance of the Bonds, Mississippi Code
of 1972, as amended (the "Act").

Section 2. That the Bonds shall be payable solely
from the revenues derived by the District pursuant to the
Amended and Restated Wastewater Service Contracts,
hereinafter or hereinafter between the District and each of
the following: City of Waveland, Mississippi; City of Bay
St. Louis, and Hancock County, Mississippi (together the
"Affected Public Agencies"); and from the proceeds of
the Bonds and the investment earnings on such
revenues and proceeds.

Section 3. That the issuance of the Bonds in the
amount and for the purposes as aforesaid shall be
authorized at a meeting of the Board to be held at 2:00
o'clock p.m., local time, on October 6, 1993, unless on or
before 2:00 o'clock p.m., local time, on the aforesaid
date twenty percent (20%) of the qualified electors of any
Affected Public Agency shall file a written protest
against the issuance of the Bonds with the Board at the
office of the District located at 401 Gulfside Street,
Waveland, Mississippi 39576, in which event the Bonds
shall not be issued unless authorized at an election on the
question of the issuance thereof, to be called and held
as provided by the Act. If no such protest be so filed,
then the Bonds may be issued without an election at any
time within two (2) years after October 6, 1993.

Section 4. That the resolution of the Board be published
once a week for at least three (3) consecutive weeks in
the Sea Coast Echo, a newspaper published and having
a general circulation in Hancock County, Mississippi.
The first publication of this resolution shall be made not
less than twenty-one (21) days prior to the date speci-
fied in this resolution to direct the issuance of the Bonds
and the last publication shall be made not more than (7)
seven days prior to such date.

Section 5. That the Secretary of the Board is hereby
authorized and directed to provide for the publication of
this resolution as aforesaid and to obtain from the
publisher of the aforesaid newspaper the customary
proof of publication of this resolution and to present the
same to the Board at the meeting to be held on the date
and hour hereinabove set forth.

Be it further resolved that the Board of Directors of the
District, hereby ratifies and approves the foregoing resolu-
tion and the action taken thereon, and the question being put
to a roll call vote, the result was as follows:
Don Murray voted: Yes
Ron Vannoy (Designee for Mayor Edward Farve) voted:
Yes
Sue Elliot voted: Yes

The motion having received the affirmative vote of a
majority of the members present, the Chairman of the
Board declared the motion carried and the resolution
adopted on the 31st day of September, 1993.

**Warm service, original gifts
found at Ellen Kane Gifts**

Ellen Kane Gifts will celebrate 11 years at its new location, 388 Highway 90 in Bay St. Louis, this October.

Ellen Kane Gifts carries a wide array of affordable gifts and accessories. Among the many lines represented are Crabtree and Evelyn, the European makers of fine toiletries and foods, Scarborough and Co., Crane fine papers and Dreamscapes, a best selling collectible line of angels.

Owner Ellen Kane said, "We have a great selection of original and interesting gifts."

White linen pillows and the Palais Royale line of French linens are available in the shop. Photograph frames, greeting cards, baskets, gourmet foods, invitations and personalized

stationery round out the extensive inventory.

Stephanie Luxich, who has been with the shop for 14 years, said, "I think people like to come here because it's a warm, friendly and fun atmosphere," said Luxich.

They also offer bridal registry service and do wedding invitations.

"At Christmas time it is truly a Winter Wonderland brimming with thousands of wonderful Christmas items," said Kane.

The shop opened in 1974 in the McDonald's Furniture showroom in downtown Bay St. Louis. After the building was sold to the city, Kane moved to her present location next to the Hancock County Library.

**Computer service cheap
at Emerald Enterprises**

Patrick Donnelly said his once-a-month complete computer service is "cheap insurance" for anyone who uses a computer on a daily basis.

You may not think you need data insurance, security, and on site service right now, but what if you were to have a computer problem or failure?

Open since March, Emerald Enterprises offers convenience, service, and protection for \$1 a day.

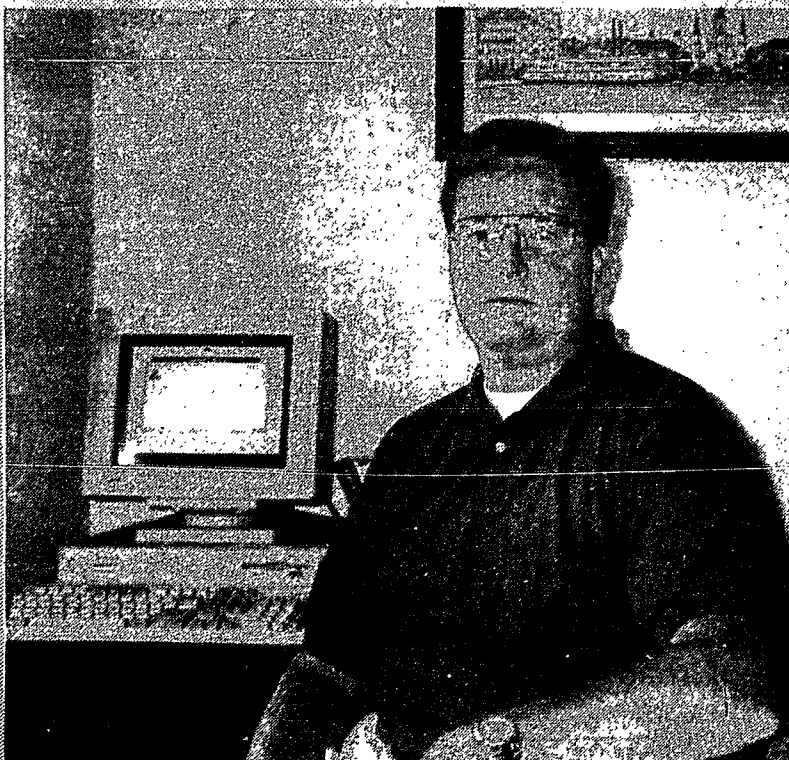

Emerald Enterprises can enhance your computer system by increasing your capabilities, by providing back up for all hard drive data, and by fine tuning your computer. They

also lease equipment with a monthly service included.

"The primary advantages of our services allow the security of information, reducing operating costs, and immediate on site repairs/restoration with minimum down time due to data and/or system failure," Donnelly said.

As a mobile data base manager, Donnelly will schedule maintenance and security sessions convenient for your business. Small businesses are his specialty.

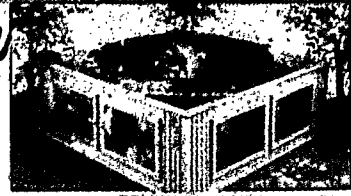

Your business and reputation is definitely worth \$1 a day. Call Donnelly at 467-5708 for more information.

If you use your computer on a daily basis for your business operations, nothing could be worse than to have a hard disk failure or a total failure of your computer!

We will provide the back up of all hard drive data on a semi weekly basis. The primary advantages of our services allow the security of information, reduced operating costs, and immediate on site repairs/restoration with minimum down time due to data and/or system failure.
